Proposals

Item 2 - Election of the chairman of the meeting

The nomination committee has proposed Fredrik Löfstedt, the chairman of the board of directors, as chairman of the annual general meeting.

Item 9b – Resolution on disposition of the company's profits in accordance with the approved balance sheet and record date for dividends, in case the annual general meeting decides a dividend

The board of directors proposes that no dividend be paid for the financial year 2010. The total unappropriated earnings at the disposal of the annual general meeting amount to SEK 134,497,694.94. The board of directors has proposed that, instead of a dividend, a share redemption procedure is carried out whereby the shareholders will receive a total amount of SEK 130,771,596.80 in accordance with item 15 on the agenda, which will result in SEK 3,726,098.14 being carried forward.

Item 11-13 – Resolution on the number of directors; resolution on the remuneration to be paid to the chairman of the board of directors and other directors; and election of directors and chairman of the board

The nomination committee has proposed re-election of all of the directors, i.e. Monika Elling, Kerstin Hessius, Fredrik Löfstedt, Fabian Månsson, Mats H Nilsson, Vilhelm Schottenius, Michael Storåkers and Nils Vinberg and that no deputies shall be elected. The nomination committee has proposed that Fredrik Löfstedt is elected chairman of the board. The nomination committee has furthermore proposed that the chairman of the board of directors shall receive SEK 300,000 (no change from previous year) and that the remuneration to other directors shall be SEK 115,000 each (previously SEK 100,000). The nomination committee has further proposed that remuneration shall be paid to board members for work on board committees with SEK 15,000 to each of the members of the remuneration committee and SEK 25,000 to the chairman of the remuneration committee, and SEK 25,000 to each of the members of the audit committee and SEK 40,000 to the chairman of the audit committee (remuneration for committee work is unchanged). The total remuneration to the board of directors, including for committee work, amounts to SEK 1,235,000 according to the proposal of the nomination committee. The nomination committee's reasoned statement regarding the proposed board of directors, and information about the proposed directors, can be found on the company's web site www.bjornborg.com.

Item 14 – Election of auditor and resolution on the remuneration to be paid to the auditor

The nomination committee has proposed re-election of the registered public accounting firm Deloitte AB for the period until the end of the next annual general meeting. Deloitte will, if elected, appoint Fredrik Walmeus to be auditor in charge. The nomination committee has further proposed that fair remuneration to the auditors shall be paid on approved accounts.

Item 15 – The proposal by the board of directors regarding share split and automatic share redemption procedure, including (a) share split 3:1, (b) reduction of the share capital through redemption of shares, and (c) increase of the share capital through a bonus issue without issuance of new shares

The board of directors proposes that the annual general meeting resolves on a so-called automatic share redemption procedure by which a distribution to the shareholders of a total of SEK 5.20 per existing share takes place according to item 15(a) - 15(c) below. The resolutions of the annual general meeting according to item 15(a) - 15(c) shall be taken together as one resolution.

(a) Resolution on share split 3:1: The board of directors proposes that the annual general meeting resolves on a share split, whereby one (1) existing share in the company is split into three (3) shares. Two of these shares will be so-called redemption shares. The board of directors proposes that the board of directors is authorized to set the record date for the share split, which at the time of the notice is estimated to be 29 April 2011. Based on the estimated record date for the share split, the last trading day for the Björn Borg share including the right to receive redemption shares will be 26 April 2011 and the first trading day for the Björn Borg share excluding the right to receive redemption shares will be 27 April 2011.

(b) Resolution on reduction of the share capital through redemption of shares: The board of directors proposes that the annual general meeting resolves that the share capital shall be reduced for repayment to the shareholders by SEK 5,239,246.6667 through the redemption of 50,296,768 shares. The shares so redeemed shall be those shares which are referred to as redemption shares after the share split described above. For each redemption share a payment of SEK 2.60 shall be made (of which approximately SEK 2.50 exceeds the quota value of the share). The total redemption amount will thus be SEK 130,771,596.80. The board of directors proposes that trading in redemption shares shall take place as from 3 May 2011 up to and including 16 May 2011, based on the

above-mentioned estimated record date for the share split. The board of directors further proposes that the board of directors is authorized to set the record date for the right to receive the redemption amount, which at the time of the notice is estimated to be 19 May 2011. Payment of the redemption amount is estimated to be made by Euroclear Sweden AB on 25 May 2011. The company's share capital will, after the execution of the reduction of the share capital, amount to SEK 2,619,623.3333, divided into 25,148,384 shares, each with a quota value of approximately SEK 0.10. Except for the reduction of the share capital, the company's restricted equity will not be affected. Statements and reports from the board of directors and the auditor will form part of, or be attached to, the complete proposal for decision.

(c) Resolution on increase of the share capital through a bonus issue without issuance of new shares: In order to achieve a time-efficient redemption procedure, without having to obtain permission from the Swedish Companies Registration Office (Sw. Bolagsverket) or a court, the board of directors proposes that the annual general meeting resolves to, through a bonus issue, restore the company's share capital to its original level, SEK 7,858,870, by increasing the company's share capital with SEK 5,239,246.6667 through a transfer from the company's unrestricted equity to the company's share capital. No new shares will be issued in connection with the share capital increase. The quota value of the share will, after the bonus issue, amount to its original level, SEK 0.3125.

Item 16 - The proposal by the board of directors to authorize the board of directors to resolve on new issues of shares, warrants and/or convertibles

The board of directors proposes that the annual general meeting authorizes the board of directors, until the next annual general meeting, on one or several occasions, with or without deviation from the shareholders' preferential rights, to resolve on new issues of shares, warrants or convertibles. Resolutions that are passed under the authorization may not, in the aggregate, involve an increase of the share capital by more than SEK 390,625 (distributed on not more than 1,250,000 new shares). The authorization shall also include the right to resolve on new issues where the shares are to be paid for with non-cash consideration or through set-off of a claim, or otherwise with terms and conditions pursuant to the Swedish Companies Act Ch. 13 Sec. 7, Ch. 14 Sec. 9, or Ch. 15 Sec. 9.

The reasons for deviating from the shareholders' preferential rights shall be to enable directed share issues for the purpose of acquisitions of companies or businesses, in whole or in part, alternatively for raising capital to be used for such acquisitions. The basis for the subscription price shall be the market price of the share. The authorization may not be used to resolve on new issues, which are directed, in whole or in part, to one or more existing shareholders – instead, in connection with issues where shareholders shall be entitled to subscribe, the Swedish Company Act's rules on preemption rights shall apply.

Item 17 - The proposal by the board of directors regarding guidelines for remuneration to the executive management

The board of directors proposes that the annual general meeting shall adopt the following guidelines for remuneration to the executive management. The term executive management refers to the managing director and the other members of the management team. Björn Borg shall apply competitive remuneration levels and employment terms in order to attract and retain a highly competent management, able to achieve the company's targets. The forms of remuneration shall incentivize the executive management to do their utmost to safeguard the shareholders' interests. Remuneration to the managing director and the other individuals in the executive management shall consist of base salary, a variable remuneration, previously established long-term incentive programs and additional benefits and pensions. The total remuneration shall correspond to market practice and be competitive, and be related to responsibility and authority. The variable remuneration shall be based on the result, measured in relation to defined and measurable targets, tailored to contribute to build long-term value in the company, and be limited in relation to the fixed salary that has been determined. The variable remuneration shall never exceed the fixed salary. The board of directors shall, when determining the variable remuneration to the executive management, also consider to introduce restrictions which (i) makes it a condition for part of the variable remuneration that the performance on which the remuneration is based proves to be sustainable over time, and (ii) entitles the company to recover remuneration which has been paid out due to information that later proves to be obviously incorrect. In the event of termination of employment initiated by the company, the notice period shall not be longer than 12 months. Severance pay shall not be applied. Pension benefits are to be determined by charge and entitle the executive management to pension from the age of 65 years. The company's incentive programs shall safeguard a long-term commitment to the company's development, an increased alignment of interests between the participant of the incentive program and the shareholders of the company, and shall be implemented on market terms. The board of directors may deviate from these guidelines only in case special circumstances so warrant in an individual case.

Item 18 - Proposal regarding the nomination committee

The nomination committee of the company proposes that the representatives of the nomination committee shall be appointed through a procedure where the chairman of the board of directors contacts the four largest share-

holders in terms of votes based on shareholders statistics from Euroclear Sweden AB as per 31 August 2010, and that such shareholders each appoints a representative to, together with the chairman of the board of directors, constitute the nomination committee up until the next annual general meeting, or, if applicable, up until a new nomination committee has been appointed. If the chairman of the board, directly or through companies, would be one of the four aforementioned largest shareholders, the nomination committee shall be composed of four members only (the chairman and the three representatives appointed by the other three largest shareholders). If any of these shareholders elects to renounce its right to appoint a representative, the right shall pass to the largest shareholder in turn. Should a representative resign from the nomination committee before its work is completed and provided that the nomination committee considers it necessary, a substitute shall be appointed by the same shareholder that has appointed the resigning representative, or, if this shareholder is no longer one of the four largest shareholders in terms of votes, by the new shareholder that has such shareholding. The nomination committee shall appoint one of its members as chairman. The composition of the nomination committee shall be made public on the company's web site as soon as the nomination committee has been formed and no later than six months before the annual general meeting. In the event that the ownership structure is changed after the nomination committee has been composed such that one or several shareholders that have appointed a representative to the nomination committee is no longer in the group of the four largest shareholders in terms of votes, the composition of the nomination committee may be changed in accordance therewith if the nomination committee considers that so is necessary. The tasks of the nomination committee shall be to prepare, for the next shareholders' meeting, proposals in respect of number of directors of the board, remuneration to the chairman of the board of directors, the other directors of the board and the auditors respectively, remuneration, if any, for committee work, the composition of the board of directors, the chairman of the board of directors, resolution regarding the nomination committee, chairman at the annual general meeting and election of auditors.

Specific majority requirements

The proposals under item 15 and 16 are subject to the resolutions by the annual general meeting being supported by shareholders representing at least 2/3 of the votes cast as well as the number of shares represented at the meeting.

Other information

There are in the aggregate 25,148,384 shares outstanding in Björn Borg carrying one vote each; accordingly there are 25,148,384 votes. The company owns no own shares. In accordance with the Swedish Companies Act Ch. 7 Sec. 32, the shareholders have the right to ask questions at the annual general meeting regarding the items on the agenda and about the financial situation of the company and the group.
